

St George's Church, Stamford – Vision and Values

We are a church where Jesus is at the centre, the Bible is our guide, and people matter.

We are a community with Jesus at the centre, we:

- value saving faith and personal commitment to Jesus Christ.
- worship, pray and serve, filled with the Holy Spirit.
- equip and nurture each other in whole life discipleship.

We are a community with the Bible as our guide, we:

- are evangelical, focused on the Good News of Jesus as revealed in the Bible.
- hope and trust in God's promises revealed in all the scriptures.
- follow the examples of faithful people in both Old and New Testaments.

We are a community where people matter, we:

- value people of all ages, 0-100+, and intentionally nurture children, young people and adults.
- welcome and care for people, seeing lives transformed by Jesus, through the power of the Holy Spirit, to the glory of the Father.
- show God's grace to everyone, and keep each other safe.
- share our faith with others, always on mission with Jesus.
- give generously, lovingly and joyfully.

Empowered by the Holy Spirit we aim, between now and 2025, to:

Grow radically in maturity, Christlikeness and number.

Overflow joyfully with God's love in worship, prayer, disciple making, and serving our community.

Resource generously as we usher in God's Kingdom in St George's Church, Stamford, the surrounding villages, market towns and overseas.

How do we undertake ministry?

The Spirit resources every believer to be a resource in the church and the church to be a life giving resource to the world. We have five areas of focus as we build the kingdom through the ministry of the church:
